

Dear Students of Krasnosiele,

I would like to thank you for the wonderful experience in Krasnosiele.

I think the information you gathered about the Jewish Community in your village is very important and it is essential that everyone will learn about the past and about what happened to the Jews.

You really inspired me and impressed me in the serious approach you demonstrated to the task you got.

I really wish Israeli children could come to your village and meet you and also learn from you about the history of the Jews in your area.

yours,

Orit Sulitzeanu
