

Dear pupils of Krasnosiele

I want to thank you deeply  
for hosting us in your village, and  
in your school.

I was a bit 'shocked' at first,  
that you found a way to connect to  
previous generations, because we often  
think about youths that they are mostly  
focus on themselves.

Your research and the tour you have developed  
was excellent! I have learned a lot from it.  
I encourage you to continue and educate

yourself, and neighbours, about ~~you~~ history.  
Because of your actions - the Jews of  
the town won't be forgotten.

♥ love you  
with much appreciation
